

Eddy Mouity

The great pleasure introduce myself.

I'm Mouity Etavenot Eddy Joss Axel, I was born and raised in Gabon a country located in the west coast of Central African. I currently live in South Korean since February 2017. I enjoy creating things and learn about new technologies. My interest in web development started back in 2019 when I decided to learn PHP with some tutorials, leads me to learn JavaScript, Node.js, React.js, GraphQL. I enjoy creating API's with Node.js .

JavaScript Developer
